

Here is a list of things we are always looking for:

Canned Meats like tuna, chicken, spam, hash

Canned Fruits

Soup

Pasta/Tomato sauce

Cereals

Canned Vegetables

Snacks

Pasta and Mac and Cheese boxes

Coffee and Tea

Sauces and Salad Dressings- Ketchup is the most popular but we take all sorts

Baking Product- flour, sugar, cooking oils etc

Beans especially baked beans but also other types

Rice- this is one we run out of often

Peanut Butter

Jellies and Jams- we always run out of this

Paper Products- Towels, Tissues, Toilet Paper

Feminine Hygiene Products

Soaps and Shampoos

In a separate container we also take fresh produce, dairy items, and meats and fish.

We want this separate from the shelf stable food so we don't accidentally leave it on a shelf instead of the fridge or freezer.

We also can always use monetary donations.

These are not the only things we will take but just a list of things we always need.

The things we cannot take are fresh or frozen turkeys (too big for our storage capacity), wild game, alcoholic beverages, and open containers of food.
